

Dear Friend,

**The Jeremy Collier Foundation will match all December donations up to \$100,000!!**

I hope you will seize this opportunity to double your support for New Harvest's critical work.

[Please take this opportunity to double your donation now!](#)

Proceeds will go towards our new seed grant program: grants to scientists conducting groundbreaking, exciting, and promising research to harvest animal products from cell cultures rather than from animals.

**Your doubled support will help us increase our impact**, like starting New Harvest fellowships at Tufts University, funding Dr. Mark Post's work towards animal-free media for cultured meat, and funding cultured meat research at King's College London.

These successes would not be possible without your support.

Thank you for joining us in building a better future!

--
