

ANNOUNCEMENTS

The latest news from New Harvest:

- **MIT Media Lab Director Joi Ito hosted Isha in a Facebook Live chat last week!** If you missed the live event, Joi has written a [blog post](#) about it, and video is now available on our [Youtube channel](#).
- La Paillasse, the EU's first community research lab, is accepting applications for its open residence program. **The program offers lab and office space, workshops, and mentorship, for up to 12 months at no cost**, in exchange for just five days per month of work on collaborative projects. Explorers, scientists, and creators may submit their applications [here](#), until September 30.
- **Speaking opportunities are available for cellular agriculture companies at [TechCrunch Disrupt UK](#) in London, December 5 - 6.** If you're interested in taking part, please get in touch with Erin.

UPCOMING EVENTS

- Isha is attending [Biohack the Planet](#), **September 23 - 25 in Oakland, CA.**
- Isha will speak at the [North Carolina Ag Biotech Summit](#) **September 27 - 28 in Chapel Hill, NC.**
- Isha is speaking at the [Yale Food Systems Symposium](#) **September 30 in New Haven, CT.**
- Isha is attending the [Second International Conference on Cultured Meat](#) **October 9 - 11 in Maastricht, The Netherlands.**
- Gilonne will speak at [SXSW Eco](#) **October 11 in Austin, TX.**
- Isha is speaking at the [Hello Tomorrow Global Summit](#) **October 13 - 14 in Paris, FR.**
- Isha will be presenting at [London Food Tech Week](#) **October 14-21 in London, UK.**

NEW HARVEST FEATURES

This week's original stories by our staffers and volunteers:

- New Harvest community member Tobi Ogunnaike has written a piece for *Singularity Hub* on the **scientific challenges (and opportunities) that lie ahead in bringing cultured meat to market**. This is a particularly [highly recommended read](#) for any students out there who wish to better understand how they might **help contribute to the developing science of cellular agriculture**.

FROM AROUND THE WEB

Our favourite content this week about the world of cellular agriculture:

- Perfect Day is making waves in the news again, explaining to *VICE Motherboard* how subpar vegan dairy substitutes inspired them to strive for [something better](#).

- [Could cultured meat be considered kosher?](#) Sarah Zhang explores this question, and in doing so sheds considerable light on cultured meat science for *The Atlantic*.
- Dan Murphy considers the [possibilities of cellular agriculture](#) for *Cattle Network*.
- Modern Meadow CEO Andras Forgacs is honored as one of *Upstart Business Journal's* 100 Reinventors [giving old businesses a new spin](#) with biofabricated leather.

EMPLOYMENT OPPORTUNITIES IN CELLULAR AGRICULTURE

- Interested in designing custom microbes for clients across multiple markets? **Ginkgo Bioworks is hiring!** Learn from nature to develop new organisms that replace technology with biology. [The current list of opportunities at Ginkgo Bioworks is here.](#)
- Want to work at the intersection of fashion and biotech? **Modern Meadow is hiring!** The Brooklyn-based team creating bio-fabricated leather is growing, with openings for a number of positions. [Check out their website for more info.](#)
- Do you want to disrupt the food space by creating the world's first animal-free egg white? **Join Clara Foods!** Our second startup, Clara Foods, is looking for molecular biologists to join their San Francisco-based team. For more information, [check out their posting on LinkedIn.](#)
- Is your cellular agriculture company looking to expand? [Get in touch](#) to have your job posting shared on the New Harvest newsletter and website!

[New Harvest](#) is powered by people like you.
