## ANNOUNCEMENTS

---

The latest news from New Harvest:

**DONATE  
TO NEW HARVEST  
TODAY**

**...so turkey  
micro-nuggets  
like this can be  
mass produced**

A photograph of a woman in a white lab coat and blue gloves, holding a test tube with pink liquid. She is pointing at the test tube with her right hand. The background is a laboratory setting.

- **The Jeremy Coller Foundation is matching all donations made to New Harvest during the month of December, up to \$100,000!** This means that any amount given to New Harvest will be *doubled* in its impact to advance cellular agriculture science, like the groundbreaking work that Marie Gibbons and Dr. Paul are conducting on cultured turkey meat. **Marie and Dr. Paul are working towards a future in which the slaughter of billions of turkeys for Thanksgiving dinner is a distant memory - and [making a donation to New Harvest](#) is the most effective way to show thanks and enable more desperately needed research in this field. Plus, [new monthly donors](#) will receive a limited edition New Harvest pin in the mail!**
-

## UPCOMING EVENTS

---

- Cultivate, a multi-voiced forum intended to support informed dialogue about the emergent field of cellular agriculture from UK perspectives, is hosting their [launch event](#) on **December 6 in Bath, UK**.

---

## FROM AROUND THE WEB

---

Our favourite content this week about the world of cellular agriculture:

- Andrew Rosenblum has written an [excellent piece](#) in the *MIT Technology Review* about **Dr. Paul Mozdziak's work on cultured turkey meat, made possible by New Harvest**.
- **New Harvest Research Fellows Marie Gibbons (NCSU) and Natalie Rubio (Tufts University) had their work on cellular agriculture covered** in another [Thanksgiving-themed piece](#) for *Seeker*.
- **Space10 recapped their Tomorrow's Meatball event in NYC** earlier this month, which [Erin participated in](#).
- **Drs Neil Stephens and Mark Post were interviewed in a new mini documentary on cultured meat**, *Tomorrow's Food*, [available on Youtube](#).

---

## EMPLOYMENT OPPORTUNITIES IN CELLULAR AGRICULTURE

---

- FoodFutureCo, the first scale-up accelerator for mission-driven companies that have established market traction in food, agriculture, and social entrepreneurship, helps entrepreneurs in these industries move to the next stage. **The FoodFutureCo Team is currently seeking an intern and a copywriting volunteer** - click [here](#) to learn more.
- **Afineur is on the lookout** for new microbe tamers/fermentation gurus/flavor architects to join their Brooklyn-based team! Interested? Get in touch by writing to [hello@afineur.com](mailto:hello@afineur.com).
- Interested in designing custom microbes for clients across multiple markets? **Ginkgo Bioworks is hiring!** Learn from nature to develop new

organisms that replace technology with biology. [The current list of opportunities at Ginkgo Bioworks is here.](#)

- Want to work at the intersection of fashion and biotech? **Modern Meadow is hiring!** The Brooklyn-based team creating bio-fabricated leather is growing, with openings for a number of positions. [Check out their website for more info.](#)
- Do you want to disrupt the food space by creating the world's first animal-free egg white? **Join Clara Foods!** Our second startup, Clara Foods, has several openings in their San Francisco-based team. For more information, [check out their website.](#)
- Is your cellular agriculture company looking to expand? [Get in touch](#) to have your job posting shared on the New Harvest newsletter and website!

[New Harvest](#) is powered by people like you.

**Donate Now!**

New Harvest is a nonprofit 501(c)(3) organization.

EIN/tax ID number: 20-1425438

All donations are fully tax deductible.
