

Hello New Harvest Community!

We are \$32,816.55 away from our 2019 fundraising goal. That's a lot, but we can make it with your help.

Until the clock strikes midnight, our foundation partner Avina Stiftung will continue matching gifts of any size until we reach our goal of \$1,365,418!

If you can, please [make a donation](#) today to get us there.

For a nonprofit of our size, it's no platitude to say that every donation counts. **We are a grassroots organization**, and it is thanks to 904 donors like you that we have been able to - since 2004 - "stay in business" as the only funding body *in the world* dedicated exclusively to advancing breakthroughs in cellular agriculture.

We're in it for the long run, and since you haven't unsubscribed from these emails, I'm guessing you are too.

Here's to cultured meat departments at every university, and cultured crunchwraps at Taco Bell 🍷🍷

Happy New Year!

See you on the other side,

Isha

P.S. [Here's last year's Form 990](#). All of our previous filings can be found [here](#) by searching for our EIN (20-1425438).

P.P.S. The image features agar art from our newest fellow, [Sam Peabody](#). It's *Salmonella enterica* serotype infantis on XLD agar!

Donate Now!

New Harvest is a nonprofit 501(c)(3) organization.

EIN/tax ID number: 20-1425438

All donations are fully tax deductible.
