

Dear friends old and new,

I'm pleased to invite you to New Harvest's fifth annual cellular agriculture conference.

New Harvest 2020

July 10 & 11

MIT Media Lab in Boston

[Add to calendar](#)

If you haven't attended before, you can check out the 2019 conference [here](#).

Stay tuned for details!

In the meantime, we're still feeling festive, so if you donate \$100 or more *today* then we will give you a [free ticket](#) before ticket sales go live. Just email me with your donation receipt :)

A handwritten signature in black ink, appearing to read "Mera".

P.S. Did I mention that this will be our fifth year doing the conference?!

Come July, it shall be in the company of toes, lifesaver flavors, Great Lakes, vowels (in English), food groups (according to the USDA), senses, Spice Girls, NYC boroughs, and Olympic rings

If you think of more, let me know 📧

Donate Now!

New Harvest is a nonprofit 501(c)(3) organization.
