

Hi friend,

I'm Morgan, one of New Harvest's new Science Communications Interns! I'm emailing to invite you to participate in New Harvest's Cell Ag Swag Swap 🥩🎁

Starting on Christmas Day and continuing through the month of January, lucky cell ag fans will be selected (à la Secret Santa) to receive surprise merch packages from some of our friends, including:

- New Harvest (that's us!!!)
- Future Fields
- Because Animals
- Perfect Day
- And more!!

To put your name in the hat for the Cell Ag Swag Swap, please [fill out this form by 11:59 p.m. PST Wednesday \(12/23\)](#). Even if you don't win merch, you'll still have the chance to be featured on our website or social media :)

Happy holidays!

A handwritten signature in black ink that reads "Morgan".

PS - If you're a cell ag company and you want to add your own merch to the pool, reply to this email and let us know! The more, the merrier.

**Support Open Science**

A gift to New Harvest is *the* most effective way to advance cell ag. To date, NH alumni have founded eight+ companies and NH-supported researchers have advanced the science behind cultured meat at 15+ universities. [Make a gift today to drive forward critically neglected cell ag research.](#)
